IMPORTANT NOTES:

- Stringer Asset Management LLC is a registered investment adviser that generally provides services through model portfolios on a sub-advisory business. The firm primarily allocates client’s investment management assets among exchange-traded funds (“ETFs”) and secondarily among mutual funds.
- The Income with Growth Composite includes all portfolios that invests in fixed income and alternative exchange-traded funds (ETFs), but also includes some equity ETFs selected from the global investment opportunity set. The Income with Growth Composite has risk characteristics lower than that of the broad equity market and include but are not limited to equity risk, international investing risk and credit risk.
- The benchmark is a blend of 35% MSCI ACWI (Net) Index and 65% Barclays U.S. Aggregate Bond Index rebalanced quarterly. The benchmark is market-cap weighted and is designed to measure the equity market performance of developed and emerging market indices. Sources of foreign exchange rates may be different between the composite and the benchmark; however, there have not been material differences to date.
- Results are based on fully discretionary accounts under management, including those accounts no longer with the firm.
- The U.S. Dollar is the currency used to express performance. Past performance is not indicative of future results. Returns are presented gross and net of fees and include the reinvestment of all income. Gross returns are shown as supplemental information and are started gross of all fees and transaction costs; net returns are reduced by all fees and transaction costs incurred. Net of fee performance is calculated using actual fees incurred.
- In addition to a management fee, accounts in the composite may pay an all-inclusive fee based on a percentage of assets under management. Other than brokerage commissions, this may include fees for portfolio monitoring, consulting services, and in some cases, custodial services. Wrap fee schedules are provided by independent wrap sponsors and are available upon request from the respective wrap sponsor.
- The annual composite dispersion presented is an equal-weighted standard deviation calculated for the accounts in the composite the entire year.
- The three-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period.
- The investment management fee schedule for the composite is 3.00% on the first \$200,000, 2.50% on the next \$300,000, 2.00% on the next \$500,000, 1.60% on the next \$1,000,000, 1.40% on the next \$3,000,000 and 1.30% on the next \$5,000,000.
- Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request. The firm’s list of composite descriptions is available upon request.
- The Income with Growth Composite was created November 2015.
- As of 12/30/16, the Conservative Composite was renamed the Income with Growth Composite.
- Bundled fee/wrap accounts are included in the Income with Growth Composite and represent a percentage of the composite assets: 2015: 0%, 2016: 100%.
- “Pure” gross of fee returns do not reflect the deduction of any expenses, including trading costs and are supplemental to net returns.
